REPORT OF THE BOARD OF MANAGEMENT

The Board of Management of Khang Dien House Trading and Investment Joint Stock Company ("the Company") is pleased to present this report and the consolidated financial statements of the Company and its subsidiaries ("the Group") for the third quarter ended 30 September 2025.

THE BOARD OF MANAGEMENT'S RESPONSIBILITY IN RESPECT OF THE CONSOLIDATED FINANCIAL STATEMENTS

The Board of Management is responsible for the consolidated financial statements of the Group each financial period which give a true and fair view of the consolidated financial position of the Group and of the consolidated results of its consolidated operations and its consolidated cash flows for the period. In preparing those consolidated financial statements, the Board of Management is required to:

- select suitable accounting policies and then apply them consistently;
- make judments and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the consolidated financial statements; and
- prepare the consolidated financial statements on the going concern basis unless it is inappropriate to presume that the Group will continue its business.

The Board of Management is responsible for ensuring that proper accounting records are kept which disclose, with reasonable accuracy at any time, the consolidated financial position of the Group and to ensure that the accounting records comply with the applied accounting system. The Board of Management is also responsible for safeguarding the assets of the Group and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Board of Management confirmed that it has complied with the above requirements in preparing the accompanying consolidated financial statements.

STATEMENT BY THE BOARD OF MANAGEMENT

The Board of Management does hereby state that, in its opinion, the accompanying consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 30 September 2025 and of the consolidated results of its operations and its consolidated cash flows for the third quarter period then ended 30 September 2025 in accordance with Vietnamese Accounting Standards, Vietnamese Enterprise Accounting System and the statutory requirements relevant to the preparation and presentation of the consolidated financial statements.

For and on behalf the Board of Management:

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued) as at 30 September 2025 and for the third quarter period then ended

2. BASIS OF PREPARATION

2.1 Accounting standards and system

The consolidated financial statements of the Group expressed in thousand Vietnam dong ("VND'000") are prepared in accordance with Vietnamese Enterprise Accounting System and Vietnamese Accounting Standards issued by the Ministry of Finance as per:

- ▶ Decision No. 149/2001/QD-BTC dated 31 December 2001 on the Issuance and Promulgation of Four Vietnamese Accounting Standards (Series 1);
- ▶ Decision No. 165/2002/QD-BTC dated 31 December 2002 on the Issuance and Promulgation of Six Vietnamese Accounting Standards (Series 2);
- Decision No. 234/2003/QD-BTC dated 30 December 2003 on the Issuance and Promulgation of Six Vietnamese Accounting Standards (Series 3);
- ▶ Decision No. 12/2005/QD-BTC dated 15 February 2005 on the Issuance and Promulgation of Six Vietnamese Accounting Standards (Series 4); and
- ▶ Decision No. 100/2005/QD-BTC dated 28 December 2005 on the Issuance and Promulgation of Four Vietnamese Accounting Standards (Series 5).

Accordingly, the accompanying consolidated financial statements, including their utilisation are not designed for those who are not informed about Vietnam's accounting principles, procedures and practices and furthermore are not intended to present the consolidated financial position and consolidated results of operations and consolidated cash flows in accordance with accounting principles and practices generally accepted in countries other than Vietnam.

The consolidated financial statements in the Vietnamese language are the official statutory consolidated financial statements of the Group. The consolidated financial statements in the English language have been translated from the Vietnamese version.

2.2 Applied accounting documentation system

The Group's applied accounting documentation system is the Voucher Journal and the General Journal system.

2.3 Fiscal year

The Group's fiscal year applicable for the preparation of its consolidated financial statements starts on 1 January and ends on 31 December.

2.4 Accounting currency

The Group's accounting currency is Vietnamese Dong ("VND" or "Dong") and the consolidated financial statements are presented in thousands of Vietnamese Dong ("VND'000" or "thousand Dong").

2.5 Basic of consolidation

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries for the third quarter period ended 30 September 2025.

Subsidiaries are fully consolidated from the date of acquisition, being the date on which the Group obtains control, and continued to be consolidated until the date that such control ceases.

The financial statements of subsidiaries are prepared for the same reporting period as the parent company, using consistent accounting policies.

All intra-company balances, income and expenses and unrealised gains or losses result from intra-company transactions are eliminated in full.

Non-controlling interests represent the portion of profit or loss and net assets not held by the Group and are presented separately in the consolidated income statement and within equity in the consolidated balance sheet.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued) as at 30 September 2025 and for the third quarter period then ended

BASIS OF PREPARATION (continued)

2.5 Basic of consolidation (continued)

Impact of change in the ownership interest of a subsidiary, without a loss of control, is recorded in undistributed earnings.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

3.1 Cash and cash equivalents

Cash and cash equivalents comprise cash on hand, cash in banks and short-term, highly liquid investments with an original maturity of not more than three months that are readily convertible into known amounts of cash and that are subject to an insignificant risk of change in value.

3.2 Inventories

Properties under construction

Properties acquired or being constructed for sale under the ordinary course of business of the Group, rather than to be held for rental or capital appreciation are recognised as properties under construction. Inventories are stated at the lower of cost incurred in bringing inventories to their present location and condition, and net realisable value.

Cost of properties under construction includes:

- Land use rights and land rent;
- Construction costs payable to contractors; and
- Borrowing costs, planning and design costs, costs of site clearance, professional fees for construction management and other direct related costs.

Net realisable value represents the estimated selling price in the ordinary course of business, based on market prices at the consolidated balance sheet date and less costs to completion and the estimated costs to sale.

The cost of inventory property recognised in the consolidated income statement on disposal is determined with reference to the specific costs incurred on the property sold and an allocation of any non-specific costs based on the relative size of the property sold.

Other inventories

Inventories are stated at lower of costs incurred in bringing the inventories to their present location and condition and net realisable value.

Net realisable value is the estimated selling price in the normal course of business, less the estimated costs of completion and selling expenses.

The Group applies the perpetual method system for inventories. Cost is determined as below:

Raw materials - cost of purchase on a the weighted average method.

Provision for decline in value of inventories

An inventory provision is created for the estimated loss arising due to the impairment of value (through diminution, damage, obsolescence, etc.) of inventories owned by the Group, based on appropriated evidence of impairment available at the consolidated balance sheet date. Increases or decreases to the provision balance of inventories are recored into the cost of goods sold account in the consolidated income statement.

3.3 Receivables

Receivables are presented in the consolidated financial statements at the carrying amounts due from customers and other debtors, after provision for doubtful debts.

The provision for doubtful debts represents amounts of outstanding receivables at the consolidated balance sheet date which are doubtful of being recovered. Increases or decreases to the provision balance are recorded as general and administrative expenses in the consolidated income statement.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued) as at 30 September 2025 and for the third guarter period then ended

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3.4 Fixed assets

Fixed assets are stated at cost less accumulated depreciation and amortisation.

The cost of a fixed asset comprises its purchase price and any directly attributable costs of bringing the fixed asset to working condition for its intended use.

Expenditures for additions, improvements and renewals are added to the carrying amount of the assets and expenditures for maintenance and repairs are charged to the consolidated income statement as incurred.

When fixed assets are sold or retired, any gain or loss resulting from their disposal (the difference between the net disposal proceeds and the carrying amount) is included in the consolidated income statement.

3.5 Leased assets

The determination of whether an arrangement is, or contains a lease is based on the substance of the arrangement at inception date and requires an assessment of whether the fulfilment of the arrangement is dependent on the use of a specific asset and the arrangement conveys a right to use the asset.

Where the Group is the lessee

Rentals under operating leases are charged to the consolidated income statement on a straight-line basis over the lease term.

Where the Group is the lessor

Assets subject to operating leases are included as the Group's investment properties in the consolidated balance sheet. Initial direct costs incurred in negotiating an operating lease are recognised in the consolidated income statements as incurred.

Lease income is recognised in the consolidated income statement on a straight-line basis over the lease term.

3.6 Depreciation and amortisation

Depreciation of tangible fixed assets and amortisation of intangible fixed assets are calculated on a straight-line basis over the estimated useful life of each asset as follows:

Buildings and structures	10 - 20 years
Machinery and equipment	3 - 10 years
Means of transportation	6 - 10 years
Office equipment	3 years
Computer software	3 - 10 years

Land use rights with indefinite useful life are recored at historical cost and are not depreciated.

3.7 Investment properties

Investment properties are stated at cost including transaction costs less accumulated depreciation.

Subsequent expenditure relating to an investment property that has already been recognised is added to the net book value of the investment property when it is probable that future economic benefits, in excess of the originally assessed standard of performance of the existing investment property, will flow to the Group.

Depreciation of investment properties are calculated on a straight-line basis over the estimated useful life of each asset as follows:

Infrastructure

25 - 50 years

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued) as at 30 September 2025 and for the third quarter period then ended

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3.7 Investment properties (continued)

Investment properties are derecognised when either they have been disposed of or when the investment properties are permanently withdrawn from use and no future economic benefit is expected from its disposal. The difference between the net disposal proceeds and the carrying amount of the assets is recognised in the consolidated income statement in the year of retirement or disposal.

Transfers are made to investment properties when, and only when, there is a change in use, evidenced by ending of owner-occupation, commencement of an operating lease to another party or ending of construction or development. Transfers are made from investment properties when, and only when, there is change in use, evidenced by commencement of owner-occupation or commencement of development with a view to sale. The transfer from investment property to owner-occupied property or inventories does not change the cost or the carrying value of the property for subsequent accounting at the date of change in use.

3.8 Borrowing costs

Borrowing costs consist of interest and other costs that the Group incurs in connection with the borrowing of the funds and are recored as expense during the period in which they are incurred, except to the extent that they are capitalised as explained in the following paragraph.

Borrowing costs that are directly attributable to the acquisition, construction or production of an asset that necessarily take a substantial period of time to get ready for its intended use or sale are capitalised as a part of the cost of the respective asset.

3.9 Prepaid expenses

Prepaid expenses are reported as short-term or long-term prepaid expenses on the consolidated balance sheet and amortised over the period for which the amounts are paid or the period in which economic benefits are generated in relation to these expenses.

The following types of expenses are recorded as prepaid expense and are amortised or recognised consistently with revenue to the consolidated income statement:

- Tools and supplies;
- ▶ Commission expenses;
- Discounts; and
- Industrial park's renovation costs.

3.10 Business combinations and goodwill

Business combinations are accounted for using the purchase method. The cost of a business combination is measured as the fair value of assets given, equity instruments issued and liabilities incurred or assumed at the date of exchange plus any costs directly attributable to the business combination. Identifiable assets and liabilities and contingent liabilities assumed in a business combination are measured initially at fair values at the date of business combination.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued) as at 30 September 2025 and for the third quarter period then ended

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3.10 Business combinations and goodwill (continued)

Goodwill acquired in a business combination is initially measured at cost being the excess of the cost the business combination over the Group's interest in the net fair value of the acquiree's identifiable assets, liabilities and contingent liabilities. If the cost of a business combination is less than the fair value of the net assets of the subsidiary acquired, the difference is recognised directly in the consolidated income statement. After initial recognition, goodwill is measured at cost less any accumulated amortisation. Goodwill is amortised over 10-year period on a straight-line basis. The parent company conducts the periodical review for impairment of goodwill of investment in subsidiaries. If there are indicators of impairment loss incurred is higher than the yearly allocated amount of goodwill on the straight-line basis.

When the acquisition of subsidiaries does not represent a business combination, it is accounted for as an acquisition of a group of assets and liabilities. The cost of the acquisition is allocated to the assets and liabilities acquired based upon their relative fair values, and no goodwill or deferred tax is recognised.

3.11 Investments

Held-to-maturity investments

Held-to-maturity investments are stated at their acquisition costs. After initial recognition, held-to-maturity investments are measured at recoverable amount. Any impairment loss incurred is recognised as finance expenses in the consolidated income statements and deducted against the value of such investments.

Provision for diminution in value of investments

Provision of the investment is made when there are reliable evidences of the diminution in value of those investments at the balance sheet date. Increases or decreases to the provision balance are recorded as finance expenses in the consolidated income statement.

3.12 Payables and accruals

Payables and accruals are recognised for amounts to be paid in the future for goods and services received, whether or not billed to the Group.

3.13 Accrual for severance pay

The severance pay to employee is accrued at the end of each reporting year for employees who have been worked for more than 12 months up to 31 December 2008 at the rate of one-half of the average monthly salary for each year of service qualified for severance pay up to 31 December 2008 in accordance with the Labour Code and related implementing guidance. The average monthly salary used in this calculation is adjusted at the end of each reporting year following the average monthly salary of the last 6-month period up to the reporting date. Increases or decreases to the accrued amount other than actual payment to employee will be taken to the consolidated income statement.

This accrued severance pay is used to settle the termination allowance to be paid to employee upon termination of their labour contract following Article 46 of the Labour Code.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued) as at 30 September 2025 and for the third guarter period then ended

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3.14 Appropriation of net profits

The Group's dividends recognised as a liability in the consolidated financial statements in the period based on the record date of the shareholder list, as determined by the Resolution of the Board of Directors after the dividend payment plan has been approved at the General Meeting of Shareholders.

Profits after tax (excluding negative goodwill arising from a bargain purchase) is available for approriation to shareholders after approval at the General Meeting of Shareholders, and after making appropriation to reserve funds in accordance with the Group's charter and Vietnamese regulations.

The Group maintains the following reserve funds which are appropriated from the Group's net profit as proposed by the Board of Directors and subject to approval by shareholders at the General Meeting of Shareholders.

Investment and development fund

This fund is set aside for use in the Group's expansion of its operation or of in-depth investment.

Bonus and welfare fund

This fund is set aside for the purpose of pecuniary rewarding and encouraging, common benefits and improvement of the employees' benefits, and presented as a liability on the consolidated balance sheet.

3.15 Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable, excluding trade discount, rebate and sales return. The following specific recognition criteria must also be met before revenue is recognised:

Revenue from sales of properties

Revenue from sales of properties is recognised in the consolidated income statement when the real estate is completed and ready for transfer to customers when all five (5) of the following conditions are satisfied:

- The Group has transferred to the buyer the significant risks and rewards of ownership of the real estate asset;
- The Group no longer holds the right to manage the real estate asset as the real estate's owner nor the right to control the real estate asset;
- The amount of revenue can be measured reliably;
- The Group has received or entitled to receive economic benefits from the sale of the real estate asset; and
- The costs incurred or to be incurred in respect of the real estate asset can be measured reliably.

No revenue is recognised if there are significant uncertainties regarding recovery of the consideration due or the possible return of goods.

Revenue is recognised in accordance with the "substance over form" principle and allocated to each sale obligation. If the Group gives promotional goods to customers associated with their purchases, the Group allocates the total considerations received between goods sold and promotional goods. The cost of promotional goods is recognised as cost of goods sold in the consolidated income statement.

B09a-DN/HN

Khang Dien House Trading and Investment Joint Stock Company

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued) as at 30 September 2025 and for the third quarter period then ended

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3.15 Revenue recognition (continued)

Revenue from rendering of services

Revenue from rendering of services is recognised in the consolidated income statement when the services are rendered, by reference to completion of the specific transaction assessed on the basis of the actual service provided as a proportion of the total services to be provided. Revenue from rendering of services is only recognised when all four (4) of the following conditions are satisfied:

- The amount of revenue can be measured reliably;
- It is propable that the economic benefits associated with the transaction will flow to the Group;
- The percentage of completion of the transaction at the consolidated balance sheet date can be measured reliably; and
- The costs incurred for the transaction and the costs to complete the transaction can be measured reliably.

Revenue from leasing land with developed infrastructure

Revenue from leasing land with developed infrastructure is recorded to the consolidated income statement and accounted for on a straight-line basis over the terms of lease.

According to Official Letter No. 17239/BTC-CDKT dated 20 December 2017 issued by the Ministry of Finance guiding the accounting for revenue from real estate leasing, in the first 5 years from the time of commencement of lease, if the Group has not satisfied the conditions to collect at least 90% of the lease amount expected to be collected under the lease contract during the lease term, the Group must allocate of the lease amount received in accordance with the rental period. The recognition of the entire remaining revenue is only made when the Group collects the entire lease amount and must simultaneously satisfy the following conditions:

- The lease period accounts for more than 90% of the useful life of the asset;
- The lessee has no right to cancel the lease contract and the Group is not obliged to return the amount received in advance in any case and in any form;
- Almost all the risks and benefits associated with ownership of the leased asset are transferred to the lessee; and
- The Group must estimate reliably the full cost of the lease.

Interest income

Interest income is recognised on the basic of the actual time and interest rates for each period when both conditions are simultaneously satisfied:

- It is probale that economic benefits will be generated; and
- Income can be measured reliably.

Dividends, profits sharing

Income from dividends, profits sharing is recognised when the Group has established the receiving rights from investees.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued) as at 30 September 2025 and for the third guarter period then ended

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3.16 Taxation

Current income tax

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted as at the consolidated balance sheet date.

Current income tax is charged or credited to the consolidated income statement, except when it relates to items recognised directly to equity, in which case the current income tax is also dealt with in equity.

Current income tax assets and liabilities are offset when there is a legally enforceable right for the Group to offset current tax assets against current tax liabilities and when the Group intends to settle its current tax assets and liabilities on a net basis.

Deferred tax

Deferred tax is provided using the balance sheet liability method on temporary differences at the balance sheet date between the tax bases of assets and liabilities and their carrying amount in the consolidated financial reporting purposes .

Deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised for all deductible temporary differences, carried forward unused tax credit and unused tax losses, to the extent that it is probable that taxable profit will be available against which deductible temporary differences, carried forward unused tax credit and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each consolidated balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Previously unrecognised deferred tax assets are re-assessed at each consolidated balance sheet date and are recognised to the extent that it has become probable that future taxable profit will allow the deferred tax assets to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realised or the liability is settled based on tax rates and tax laws that have been enacted at the consolidated balance sheet date.

Deferred tax is charged or credited to the consolidated income statement, except when it relates to items recognised directly to equity, in which case the deferred tax is also dealt with in the equity account.

Deferred tax assets and liabilities are offset when there is a legally enforceable right for the Group to offset current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority.

3.17 Earnings per share

Basic earnings per share amount is computed by dividing net profit after tax for the period attributable to ordinary shareholders of the Company (after adjusting for the bonus and welfare fund and the Board of Directors and Board of Management's remuneration) by the weighted average number of ordinary shares outstanding during the period.

Diluted earnings per share amounts are calculated by dividing the net profit after tax attributable to ordinary shareholders of the Company (after adjusting for the bonus and welfare fund and the Board of Directors and Board of Management's remuneration) by the weighted average number of ordinary shares outstanding during the period plus the weighted average number of ordinary shares that would be issued on conversion of all the dilutive potential ordinary shares into ordinary shares.

パダノ やひ 「八歩川

Khang Dien House Trading and Investment Joint Stock Company

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued) as at 30 September 2025 and for the third quarter period then ended

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3.18 Segment information

A segment is a component determined separately by the Group which is engaged in providing products or related services (business segment) or providing products or services in a particular economic environment (geographical segment), that is subject to risks and returns that are different from those of other segments.

As the Group's revenue and profit are derived mainly from real estate business in Vietnam while other sources of revenue are not material as a whole, the management accordingly believed that the Group operates in a sole business segment of real estate. Geographical segment of the Group is in Vietnam only. Accordingly, segment information is not presented.

3.19 Related parties

Parties are considered to be related parties of the Group if one party has the ability to control the other party or exercise significant influence over the other party in making financial and operating decisions, or when the Group and other party are under common control or under common significant influence. Related parties can be enterprises or individuals, including close members of their families.

4. BUSINESS COMBINATION

4.1 Dissolution of subsidiaries

Vi La Joint Stock Company ("Vi La")

In accordance with Resolution of the Board of Directors No. 32/2024/NQ_HDQT dated 25 November 2024, the Group approved the dissolution of Vi La. The dissolution was completed on 3 February 2025.

30. CORPORATE INCOME TAX

The corporate income tax ("CIT") rate applicable to the Company and its subsidiaries is 20% of taxable profits.

The tax returns filed by the Company and its subsidiaries are subject to examination by the tax authorities. As the application of tax laws and regulations are susceptible to varying interpretations, the amounts reported in the consolidated financial statements could change at a later date upon final determination by the tax authorities.

30.1 CIT expense

		VND'000

Consolidation adjustments Effect of different tax rates in subsidiaries Adjustment for under accrual of tax from prior years	451,204 (956,782) 913,510	9,122,137
CIT expense	214,643,226	135,790,435

30.2 Current tax

The current CIT payable is based on taxable profit for the current period. The taxable profit of the Group for the period differs from the accounting profit as reported in the consolidated income statement because it excludes items of income or expense that are taxable or deductible in other periods and it further excludes items that are not taxable or deductible. The Company and its subsidiaries' liability for current tax is calculated using tax rates that have been enacted by the balance sheet date.
